WHERE DESIGN MEETS TECHNOLOGY

Safe • Productive • Comfortable
Centralized Operations Control Room Spaces

Adaptaspace designs & manufactures a full range of technical furniture systems in standard and fully custom configurations, responding to the evolving needs of today's Power Industry Control Rooms and Control Center environments.

Our **Human-Centered** design approach applies best practises and knowledge of Ergonomics and Human Factors to ensure our workstation solutions contribute toward the creation of an optimized work environment, promoting operator attentiveness, wellness, and job satisfaction to maximize operational efficiency and performance.

Applications:

Our portfolio of past projects represents the full spectrum of today's Energy Management Systems, including SCADA and DCS applications in support of:

- Power Generation, including Fossil Fuel, Hydro, Nuclear, Wind & Solar
- Power Dispatching
- Transmission & Distribution
- Energy Trading

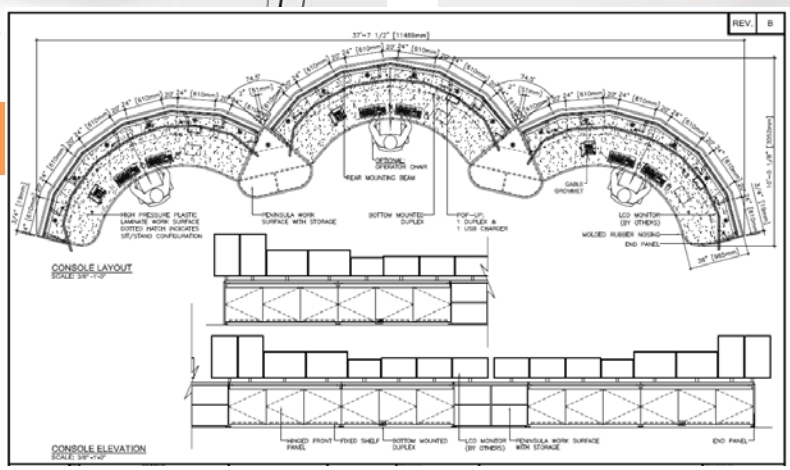

Our Product Offerings:

- Custom Console Workstations
- Display Arms & Mounts
- Rear Beam and Slat Wall Equipment Mounting Systems
- Operator Chairs, Task-lighting, and Personal Environment Systems
- Custom Cabinetry for Meeting & Training Rooms; Printer Cabinets; Map & Reference Material Storage; and more...

Quality • Innovation • Value

Adaptaspace has a proven history responding to the unique demands of power industry and electric utility control room work-environments, supplying highly functional console workstation systems, control room furnishings, and project support services:

- Design & Planning; Requirements Analysis, Concept & Budget Development
- Fabrication & Quality Management
- Delivery & Installation

Our international customer community includes these prominent power generation, dispatching, transmission, and distribution corporations and public utilities.
